

## **DYNABOOK EXPANDS SATELLITE PRO C50 RANGE, NOW POWERED BY AMD RYZEN™ PROCESSORS**

- **Entry level 15" range now expanded further to offer customers an even broader choice of processor technology**
- **Business tasks and collaboration made easy with dependable range of performance, connectivity, and security features**

**18 January 2022, Neuss, Germany** – Today, Dynabook Europe GmbH announces the expansion of its Satellite Pro C50 range to include AMD Ryzen™ 5 and 7 series processors with Radeon™ Graphics, broadening its range of budget-conscious, business laptops.

### **Engineered for the age of flexible working**

Carefully engineered to provide users with all the tools needed for a productive working day, and equipped with a variety of performance, connectivity, and security-enhancing features in an attractive and slimline package, the Satellite Pro C50D-B offers an outstanding level of price/performance.

The Satellite Pro C50D-B has been designed to offer the most important technology for everyday business use. Powerful AMD Ryzen™ 5 5600U and Ryzen™ 7 5800U processors, up to 32GB fast DDR4 memory in two configurable slots, and SSD storage options up to 512GB mean the device can easily perform even the most demanding tasks, ensuring business continuity anywhere.

### **Designed to look the part**

Weighing less than 1.9kg\* and with a 19.7mm compact form factor, the Satellite Pro C50D-B is easy to carry and amongst the slimmest in its class, making it suitable to all types of modern workstyles – in the office, at home or on the move.

With a sleek dark blue exterior, the C50D-B is professional and contemporary-looking. Featuring a slim bezel on its non-glare 15.6" LCD FHD or HD screen, the device offers users a crisp and clear visual experience, while its keyboard with numeric keypad enables quick calculations and comfortable typing throughout the working day.

For added user experience and improved productivity, the C50D-B is equipped with an extra-large ClickPad. In addition, with a battery life of up to 10.8 hours<sup>1</sup> makes the device the perfect companion for work on the move.

“At Dynabook, we constantly strive to deliver the best possible choice and value to our customers. By introducing the Satellite Pro C50D-B with AMD processor technology, we are enabling all businesses, no matter their IT budget, to access reliable and versatile technology,” said Damian Jaume, President, Dynabook Europe GmbH.

### **Security and connectivity at its core**

The Satellite Pro C50D-B offers hassle-free connectivity and collaboration via an array of connectivity options. A USB Type-C port provides charge, connect and display functions via one port, while a full-size HDMI, 2 x USB Type-A 3.1 and MicroSD card reader enable further display and accessory connectivity.

What’s more, WiFi 802.11 AC and Bluetooth 5.0 provide fast connection and download speeds, while a Gigabit-LAN port offers rapid access to network resources back in the office. When it comes to staying in touch with customers and colleagues in different locations, the C50D-B is ready for action. An HD webcam, stereo speakers and in-built Cortana-enabled microphone provide rich sound and crisp visuals for great quality video calls.

The C50D-B provides all the essential data and device protection tools to keep employee and business data safe. The device’s firmware-based Trusted Platform Module (TPM) 2.0 means sensitive information is encrypted on the device to remove the risk of tampering, while user and admin password capabilities impedes unsolicited access. In addition, an optional Kensington lock slot helps prevents physical theft.

The Satellite Pro C50D-B will be available from February 2022. For more information about the Dynabook range please visit: <https://emea.dynabook.com/laptops/satellite-pro/>
