

# Your stylish partner for workday productivity

## Dynabook Satellite Pro A50

Looking for a business notebook that offers security, performance and style? Look no further. The 15" Satellite Pro A50 offers it all in a robust and slim chassis.

The Satellite Pro A50 meets Microsoft's stringent Secured-core PC requirements, so you can power through your day using its 11th Gen Intel® Core™ i3, i5 or Celeron® 6305 processors, confident that you're safe from many of today's cyber threats.

Tested to rigorous MIL STD 810H standards, the Satellite Pro A50 is designed to work wherever you work.

### At a glance\*

15.6" FHD IPS non-glare 180-degree hinging screen with narrow bezel design

Numeric keypad

2 x USB-C with Thunderbolt 4

Compact, light and easy to carry business device

\*Dependent on configuration

# Work in comfort and style

Why compromise between comfort and style? With the Satellite Pro A50 there's no need. Slim bezels maximise viewable screen area, while minimising the device's footprint.

Starting at just 1.65kg, the Satellite Pro A50 is effortless to pick up and carry around, but it still finds space for a large, comfortable keyboard and touchpad.

Its 15.6" IPS non-glare screen can be opened up to 180 degrees to share information with colleagues or customers. Close it back up and you're met by a stylish lid with a distinctive wave detail and diamond-cut logo. Plus, the Mystic Blue anti-bacterial paint coating not only adds a stylish finish, but also repels germs and bacteria.

# Recommended Services

## Business Support Portal

The Business Support Portal is a personalised platform to manage all your Dynabook assets. Further, you can download tailored driver download packages to ensure optimum performance or log service cases and see their status online
